

STRIKING FOR GOLD

Benefiting
B.I.G. Love
Cancer Care

Childhood Cancer is the leading cause of death by disease in U.S. children under the age of 15. Over 700 kids are diagnosed each day. In January 2014, our family experienced this firsthand. Our sweet Paige Lejeune battled T-Cell Acute Lymphoblastic Leukemia three times in less than three years before going to be with Jesus in October 2016. Proceeds from this year's event will go to B.I.G. Love Cancer Care to help childhood cancer families 365 days a year at 6 Texas hospitals—including the 3 Texas Children's Hospital campuses (Medical Center, Katy, & Woodlands) as well as M.D. Anderson Children's Cancer Hospital. Striking for Gold brings us together to make a BIG impact for cancer families!
